

How to use myBitss Portal

You can track all your Bitss activities in “myBitss.” You can access myBitss by hovering over your username. A pop-up menu will appear, and then click myBitss. When you are in myBitss, the myBitss icon is also available on the left side menu.

The myBitss page shows you the summary of all the bitss you have. It also has the tools you need to manage your bitss. Here you can add new bitss, edit your target URLs, monitor the clicks of your bitss (where they clicked and when), and much more.

Search Bitss URL

Bitss	Target Links	Clicks	Promo Coupon	Date Created	Expiration	Action
miaaliya.fallfashion.available.today	https://indd.adobe.com/view/c8...	62	No coupon	August 18, 2022	October 9, 2022	...

Status Filter – Each bitss you create can be Active, Disabled, Expired, or Deleted. This option allows you to display the bitss based on their status.

Active Bitss – this is to display all your functional bitss. It counts as part of your subscription limit.

Disabled – this is to display all your temporarily disabled bitss. See more info on disabled bitss in the “How to use the myBitss action menu.”

Expired – A bitss expiration inherits your subscription expiration. However, some bitss acquired during promotions have a different expiry date. You can find them here.

Delete – This will display the history of all your deleted Bitss. The display here is only for inquiry; you cannot re-activate them.

A target URL can be the following:

- ✓ a website domain,
- ✓ a social media links (Facebook, LinkedIn etc.)
- ✓ a YouTube video
- ✓ a shareable document (pdf, word, etc.)
- ✓ an image from a website
- ✓ any URL link that is compatible with us

The **Target Links** column shows the destination URL for your bitss. You can click and view the target websites from here.

You can edit your bitss. You can edit your target link a limited number of times per month based on your subscription Tier. You can refer to “How to use the myBitss action menu.”
